FROM: Guy L. Smith IV

SUBJECT: Martin Ryan Haley - Excise Tax Book

Last year you approved an expenditure of $169,000 for the publication of a book providing resources and defenses against excise and consumption taxes. The current estimate for this project is now $392,100. We are preparing a revised contract with Martin Ryan Haley to cover this increased commitment.

Martin Ryan Haley has already submitted bills totalling approximately $150,000 in out of pocket expenses which Finance is reviewing.

I propose that a check for $50,000 be cut today to alleviate some of Martin's financial difficulties and shortcomings.
